

DATE: Tuesday April 21, 2020
TO: Individuals or entities seeking nursing facility placement for individuals with COVID-19, including Acute Care Hospitals
RE: Notice of Dedicated Care Capacity at Nursing Facilities for COVID-19 Patients

A. Overview

As part of its ongoing efforts to expand existing health care capacity to serve individuals confirmed to be infected with COVID-19, the Commonwealth is issuing this notice to assist acute care hospitals and other individuals or health care entities with the identification of nearby facilities that are accepting COVID-19 patients for nursing facility levels of care. A number of facilities have partnered with the Executive Office of Health and Human Services (EOHHS) to provide dedicated and isolated space and staffing to serve the individuals who are infected with COVID-19 needing ongoing nursing facility level of care.

This notice is intended only to offer guidance and serve as a reference, and does not contain any requirements for providers, issue updates to current MassHealth service rates, or endorse specific institutions or referral relationships. More information about Dedicated COVID-19 Nursing Facilities is available [here](#) and more information about Nursing Facilities with Dedicated COVID-19 Isolation Spaces is available [here](#).

This notice will be updated twice per week, with new versions being posted each Tuesday and Friday by 4pm E.T.

B. Dedicated COVID-19 Nursing Facilities
